

HERO4

SESSION

QUICK START GUIDE

GoPro
Be a HERO. 

CONGRATULATIONS

on your **new** HERO4
SESSION

This Quick Start Guide will show you the basics of capturing life's most incredible moments with your GoPro.

To download the full User Manual, visit gopro.com/getstarted

SETUP

- 1 Open the side door and insert a microSD card.
(Requires at least a Class 10 or UHS-I microSD card up to 64GB, sold separately.)
- 2 Charge using the included USB cable. The red status light turns off when fully charged.

INFO/WIRELESS BUTTON

Change video and Time Lapse settings, get status info, and connect to the GoPro App or Smart Remote (sold separately).

POWERING ON + RECORDING

RECORDING VIDEO

To power on the camera and record video, short press the **Shutter/Select** [] button.

SHOOTING TIME LAPSE PHOTOS

To power on the camera and shoot Time Lapse photos, press and **hold** the **Shutter/Select** [] button until recording begins.

STOPPING + POWERING OFF

Short press the **Shutter/Select** [] button. The camera stops recording and powers off.

MODES

CHANGING VIDEO OR TIME LAPSE SETTINGS

1. Press the **Info/Wireless** button to turn on the status screen.
2. Press the **Info/Wireless** button repeatedly until you get to Video & Time Lapse Settings, then press the **Shutter/Select** [] button.

**TO ACCESS OTHER MODES AND SETTINGS,
CONNECT TO GOPRO APP OR SMART REMOTE.**

3. Press the **Info/Wireless** button to move to a setting.
4. Press the **Shutter/Select** [] button to select a new option.
5. Press the **Info/Wireless** button repeatedly until you get to Done, then press the **Shutter/Select** [] button.

CONNECTING TO THE GOPRO APP (FREE)

1. Download and open the GoPro App on your phone or tablet.
2. Follow the app's on-screen instructions.

(If needed, the default password for your camera is goprohero.)

For complete pairing instructions, visit gopro.com/support.

MOUNTING TIPS

HERO4 Session comes with two frames that allow you to attach the camera to any GoPro mount.

LOW-PROFILE FRAME

Examples:

Helmet Mounting

STANDARD FRAME

Examples:

Vertical Surface Mounting

SECURING THE CAMERA IN THE FRAME

1. Open the latch and slide the camera into the frame.

(The back of the frame has a raised edge. Be sure the back of the camera sits flush against it.)

2. Close the latch.

FLEXIBLE MOUNTING

VARIABLE ORIENTATION

Position the camera with the **Shutter/Select** [] button in either the up or down position.

BALL JOINT BUCKLE

Use the included Ball Joint Buckle to easily change capture angles.

TIP: During water activities, tether the frame to the mount for added security, and use a Floaty to keep your camera afloat (sold separately).

VIEWING, EDITING AND SHARING

GOPRO APP (FREE)

Use the GoPro App to view your photos and videos and share your favorites via text, email and social networks.

GOPRO STUDIO (FREE)

GoPro Studio software is the best way to import, play back and edit your GoPro videos. You can download it for free at gopro.com/getstarted.

HELPFUL TIPS

- Keep the lens clean — avoid fingerprints.
- Before opening the side door, be sure the camera is clean and dry.
- Shake the camera or blow on the mic to remove water and debris from the mic holes. If needed, rinse the camera with water and dry it with a cloth.
- HERO4 Session is waterproof to 33' (10m). Be sure that the side door is securely closed before using the camera in or around water.
